<b>Date Posted:</b>	7 October 2021	<b>Date Closed:</b>	-

### Position Overview

We are looking for a dedicated and experienced math and science teacher (short term and long term) to join our team at Manorum International Christian School. As a math and science teacher, you will be required to deliver lessons that develop students' theoretical and applied mathematical and scientific skills. You will also be responsible for assigning homework and documenting students' progress. Our curriculum provider is the Accelerated Christian Education (ACE) from America. This is an individualized and mastery-based program where the students work in modules at their own pace. After each module, there is an assessment packet where students are tested according to what they have learned from each module.

To be successful as a math and science teacher, you should possess a thorough understanding of effective teaching practices. Our ideal candidate will be able to create a stimulating learning environment that is sensitive to students' psychosocial needs.

We are also accepting short-term applicants and or volunteers who can work with us for at least 3 to 6 months.

### Key Responsibilities

- Coordinate and implement A.C.E. curriculum by developing classroom activities based on developmentally appropriate practices and instructing students through individualized learning, discussions, visual aids, and other effective teaching methods for student comprehension.
- Lead by example; encourage teaching team success through modeling and coaching.
- Maintain frequent communications with parents through informal discussions, progress reports, and parent-teacher conferences.
- Ensure all school policies and national regulations are met.
- Ensure a healthy learning center environment – including maintaining appropriate hygiene and cleanliness standards and safety and security of children.
- Supervise teacher assistants and classroom volunteers to ensure they are following planned activities, hygiene and safety standards.
- Maintain accurate records, forms and files.
- Maintain personal professional development plan to ensure continuous quality improvement.
- Prepares extra lessons and outlines to use in class that effectively cover the material.
- Administers various types of assessments to monitor student's comprehension of the material.
- Monitors students in the learning center, at lunch, or throughout the school by maintaining order and discipline.

## [HIGH SCHOOL TEACHER]

## JOB ADS

- Attends staff meetings and training sessions.
